VISIONS OF FREEDOM
MAY 12 – JUNE 2, 2022 · AFRICANFILMNY.ORG · FILMLINC.ORG
The events of the recent past have illuminated how interconnected our worlds are. Through it all, and across the globe, the collective vision of freedom has come into sharp focus. This year’s festival takes a look at the past while capturing the present pulse and looking forward in order to envision a brighter future.

— Mahen Bonetti, Founder and Executive Director, see pg. 1
After great anticipation, the annual New York African Film Festival (NYAFF) returns under the banner, Visions of Freedom. With both in-theater and virtual offerings, the 29th edition of the NYAFF tunes into diverse and interconnected notions of freedom pertinent to Africa, the diaspora, and the world at large. This year’s festival furthers the NYAFF tradition of offering accessible educational programs, screenings, and discussions with filmmakers and artists, in addition to presenting an interactive art exhibition and complimentary social events.

Presented with Film at Lincoln Center (FLC) and in partnership with BAM and Maysles Cinema, the 29th NYAFF showcases over 70 short and feature-length films, including premieres, recent award-winners, and retrospective works. The festival will be hosted in-theater at all venues, as well as in the FLC and Maysles virtual cinemas. This allows us to engage audiences in person, and also bring these incredible films directly to you at home.

ABOUT FILM AT LINCOLN CENTER
Film at Lincoln Center is dedicated to supporting the art and elevating the craft of cinema and enriching film culture. Film at Lincoln Center fulfills its mission through the programming of festivals, series, retrospectives, and new releases; the publication of Film Comment; and the presentation of podcasts, talks, special events, and artist initiatives. Since its founding in 1969, this nonprofit organization has brought the celebration of American and international film to the world-renowned Lincoln Center arts complex, making the discussion and appreciation of cinema accessible to a broad audience and ensuring that it remains an essential art form for years to come. For more information, visit www.filmlinc.org and follow @filmlinc on Twitter and Instagram.

ABOUT MAYSLES CINEMA
Maysles Cinema, at Maysles Documentary Center (MDC), founded by the late documentary filmmaker and pioneer Albert Maysles (1926-2015) in 2008, is dedicated to the exhibition and discussion of documentary films. The Cinema is committed to a democratic experience, one where filmmakers are asked to attend the screenings of their work, and audiences have the opportunity to actively engage the films, subjects in the films, experts, and each other in post-screening forums. Coupled with its scheduled programming, Maysles encourages the programming participation of local social and cultural organizations to deepen community involvement and provide exposure for under-represented social issues and overlooked artists and their work.

ABOUT BAM
BAM Rose Cinemas (BRC) opened in 1998 to offer Brooklyn audiences an alternative to the standard multiplex, screening independent films that might otherwise not play in the borough and making BAM the only performing arts center in the country with two mainstage theaters and a multiplex cinema. In July 1999, beginning with a series celebrating the work of Spike Lee, BAMcinématek was born as Brooklyn’s only daily year-round repertory film program. BAMcinématek presents classic films, premieres, festivals, and retrospectives, often with special appearances by filmmakers, actors, and critics.

ABOUT AFF
Beyond the Film Festival:

AFRICAN FILM FESTIVAL YEAR ROUND ACTIVITIES
African Film Festival, Inc. (AFF) is dedicated to advancing an enhanced understanding of African culture through the moving image. It offers diverse platforms for the wide distribution of African media through its flagship annual film festival and complementary year-round programming. AFF is committed to increasing visibility and recognition for African media artists by introducing African film and culture to a broad range of audiences in the United States and abroad, bypassing economic, class and racial barriers.

In 1990, AFF’s founders established goals that continue to enrich the organization mission and organizational development: to use African cinema to promote and increase knowledge and understanding of African arts, literature and culture; to develop audiences for African films; to expand the opportunities for the distribution of African films in the United States and abroad. AFF programming goes beyond its flagship annual film festival.
and related exhibitions to encompass a national traveling series, year-round screenings of both new and classic films in New York and beyond, and educational and community programs. Combined, these core programs serve to promote a better understanding of the full spectrum of African film and culture.

**DVD DISTRIBUTION** and **AFF PUBLICATIONS**
AFF’s online store offers DVDs representing the best in classic, contemporary and hard-to-find African and Diasporic film and self-published anthologies of conversations with African directors, capturing the experience, spirit, and wisdom of African filmmakers.
